## Scope of "Viksit Bharat" Journal

"Viksit Bharat" is a quarterly journal, a transformative evolution of the revered "Shiksha Mahakumbh". This journal stands as an integral component of the Shiksha Mahakumbh initiative, a distinguished effort spearheaded by the Department of Holistic Education (DHE). DHE, a visionary endeavor founded by Dr. Thakur SKR, renowned scientist of ISRO, and accomplished author, envisions education as more than just marks on a page. It represents the complete transformation of young minds into valuable assets for society.

In this spirit, "Viksit Bharat" is dedicated to the advancement of education. We firmly believe that education's worth cannot be solely gauged by academic scores. True education involves the holistic development of individuals, infusing them with energy, skills, and values that go beyond textbooks. Our journal is an open invitation to all those who share this vision and are committed to nurturing discussions, research, and insights that pertain to the global educational landscape.

"Viksit Bharat" offers comprehensive coverage of a multitude of educational aspects, from school education to higher education, language to technological advancements, child pedagogy to scientific research. It encompasses pioneering research, visionary perspectives, and in-depth explorations of every facet of the ever-evolving domain of learning and teaching. It is a passport to a realm filled with knowledge, inspiration, and innovation within the field of education.

The subjects covered in "Viksit Bharat" are a testament to our commitment to a holistic education approach. Viksit Bharat explore school and university education, language education, child pedagogy, research and development, legal education, sports, technology, and basic science. The multidisciplinary approach of the journal ensures that you remain at the forefront of the ever-changing educational landscape.

### About the Department of Holistic Education (DHE)

The Department of Holistic Education is a visionary initiative driven by Dr. Thakur SKR, a luminary with a background in ISRO and a notable author. The DHE envisions education as the transformation of students into individuals who possess not only academic knowledge but also values, skills, and a sense of purpose. It emphasizes a healthy and focused approach to life. DHE is committed to addressing the challenges in education through the integration of technology with value-based education.

The Department of Holistic Education has achieved significant milestones in education and society, including projects like E-cycle, Punjab Super 100, Tredul App, Sarvatr App, Swadeshibazaar App, TUDU App, Jobs360° App, Surbhi Diye, Surbhi Piggy Bag, Surbhi Flower Pot, and many more. Shiksha Mahakumbh is a mass initiative that has emerged from this department. This department is promoting concepts like one child one hour compulsory work per day; recycling of cloths, paper, and plastic; one school one product; international collaborations and much more.
